

## GAAQG – QU 17 – Kathy Groves

### Biographical Info:

Kathy Groves is a wife, a mother of three adult sons and a grandmother! A former elementary and middle school teacher; she has a master's degree in parent and family education. She has taught in elementary schools, at Ohio State University and developed and taught more than 25 courses for learning Windows and Microsoft Office software. She brings her formal training and experience in education along with her experience as non-profit social service agency director and a certified Microsoft applications trainer to her love of quilting.

Kathy began quilting in 1999 and has enjoyed her journey every step of the way. She is working toward becoming a Quiltworx Certified Instructor and has made more than 25 Quiltworx quilts. From traditional hand and machine piecing to appliqué to both English and foundation paper piecing techniques – Kathy enjoys exploring and learning and then teaching the best practice techniques to enhance her quilts... and yours!

*"Quilting blends my interests in people, color, fabric and sewing with my love of puzzles, mathematics and logic problems. As I've tackled more complex quilts, I've learned and discovered lots of little tips and tricks that can melt away the complexity. Teaching comes naturally, and I enjoy passing along what I've learned to others".*

You can follow Kathy on Facebook at BobKat Quilts or check out her web page at [www.bobkatquilts.com](http://www.bobkatquilts.com).
