

Jean Coleman – Friday, July 28

Stack 'n Whack – Supply List

See Class Requirements Document for details about fabric selection.

Fabric:

- Feature fabric: Decide on a fabric for your repeats. Find a point along the selvage and repeat it 5 times. You will need only 4 repeats, but this will give us a little more leeway to pick the best repeat. For more information on choosing your feature fabric, please email me at jeanquilting16@aol.com
- *Note: It is always nice to use this feature fabric in the border so that you can see what the fabric looked like before it was cut up. A 3" border for a safe house quilt (60" x 80") will require 3/4yd.*
- Background fabric: 2 yards of a neutral fabric (not black or white) that will go nicely with your feature fabric.
- Complimentary fabrics: ½ yard of each of 2 (for jewel box layout of example)

Equipment:

- Sewing machine and accessories
- Basic sewing tools
- mat and a cutter with a sharp blade to go through multiple layers
- 6"x24" ruler and a 45 degree ruler (if you have one) and any second ruler such as 6"x12", or 3"x18"
