Lynn Krawczyk Mono-printing Mania Supply List

Description: Think of this class as printing press meets fabric. Utilizing the incredibly unique printing technique known as mono-printing, we will create one-of-a-kind fabrics that can be used in a wide variety of art projects.

Morning portion of class: Students will explore using different items to create pattern on fabric using textile paint. Composition of the printed pattern will also be covered.

Afternoon portion of class: Students will create a textile collage using fabrics made in the morning portion of the class. Additional mono-printing can be added

Supply List:

* fabric – I suggest bringing fat quarter size to print as it's easier to deal with in a classroom setting. Can be any type of fabric. Consider bringing fabric you've already printed on but would like to continue to add layers

* ½ yard acrylic felt or your favorite batting for collage construction

* fusible web – misty fuse or your favorite brand

* plastic to cover your workspace (a black trash bag cut open works perfectly)

* plastic to put on the floor for fabric to dry on (a black trash bag cut open works perfectly)

* gelatin plate – either manufactured one or homemade one (recipe will be provided)

* stamps – wood block stamps, homemade stamps

* natural items – leaves, twigs, spinners from trees, etc.

* "found" objects – any object with interesting pattern on it. Examples include: potato masher, bathtub gripper stickers/mats, produce mesh bags, etc. Consider a trip to the dollar store or thrift store to explore for unusual items.

* paper (regular computer paper is fine)

* scissors

* irons and ironing boards needed for class use

Kit Fees: $10
Kit includes: Blick Art Supplies Textile Paint in primary colors. Lynn will also bring pre-mixed colors and provide a handout with the mixing ratios to take home. Kit also includes materials for creating printing blocks, a wide variety of printing tools (such as brayers, wood block stamps, found objects, etc.), sponge brushes, trays to wash out tools
