

## SUPPLY LIST:

## INSPIRED BY ARCHITECTURE

## Materials List:

- ☐ **3 photos of architecture that you like:** Please have color hard copies of the images you like best, we may cut them up. Think about simple, graphic images: detail shots work well. You may use the photos included in this PDF if you prefer.
- ☐ **8–10 solid neutral fabrics:** fat quarters work well. Choose solid quilting cotton in black, tan, grey, and white. Neutrals only. Very subtle textures are OK but no strong prints, please. You do not need to match the colors in your photos.
- ☐ **4–5 solid accent fabrics:** small scraps of solid accent fabrics. Choose strong, bright, modern colors. Subtle textures are OK.
- ☐ **3 pieces of backing fabric:** cut into 14" x 14" squares. A dark quilting cotton (like black or grey) with an open weave works great. Have extra fabric if you'd like to try facing your mini quilt.
- ☐ **3 pieces of cotton quilt batting:** cut into 13" x 13" squares.
- ☐ **Design wall:** if you don't have one set up, cut a piece of quilt batting about 24" x 24". Tape this up so you can experiment with your composition, and step back to see the results. Have your phone/camera handy to take pictures of your progress!
- ☐ **Cotton sewing thread** for piecing in a neutral color, like medium grey. I prefer 50 wt. thread.

## Tools/Equipment:

- ☐ **Domestic sewing machine** with walking foot plus a 1/4" seam allowance foot (or standard foot)
- ☐ **Fresh machine sewing needles:** I like to use Klasse' Quilting needles 80/12
- ☐ **Rotary cutter** with a fresh blade
- ☐ **Utility knife** or X-Acto knife
- ☐ **Scissors for paper** and **fabric shears**
- ☐ **Seam ripper** (just in case!)
- ☐ **Pins**
- ☐ **Cutting mat** (medium size, about 12" x 18" or 18" x 24")
- ☐ **Quilting ruler** (6" x 18" or 6" x 24")
- ☐ **Chalk pencils** and/or **Chaco Liner**
- ☐ **Black Sharpie** and a **pencil with eraser**
- ☐ **Drafting tape** or **blue painter's tape**
- ☐ **Iron** and **ironing board**
- ☐ **Paper and pencil** for sketching: simple copy paper will work, but a larger newsprint pad is nice. You can flatten out a grocery sack to sketch on, too.
- ☐ **Thin tracing paper:** 9" x 12" size is nice
- ☐ **Thin cardboard** for pattern making: a flattened cereal box is perfect for this, but any thin cardboard that you can cut easily with scissors or a utility knife will work.
- ☐ **Smart phone with camera** or **digital camera** to take photos as you work
